

TIALS-2 RFP Questions and Answers (5)

No.	Section	Page	Question/Comment	Answer
135	C.1.2.7	C-26	<ol style="list-style-type: none"> 1. How many people will be working within the cleanroom environment? 2. Are most of these employees working within that environment 5 days a week? 3. Is the environment sterile? 4. Is static going to be an issue or focus within the cleanroom? 5. What ISO class are the cleanrooms? 	<p><i>This answer responds to all 5 subparts of this question. No TIALS-2 employees will be working in a cleanroom. Laundry services are provided for the clean rooms – but the garments are put in a container outside the clean room and the company picks them up from the container. If the contractor has to enter the room they would suit up then when leaving they would disrobe and put the garments in the laundry container provided.</i></p>
